TASTING NOTES

Elegant, mineral and with excellent typicity, this Riesling has a firm texture and aromas of hydrocarbons typical of the variety.

VINEYARDS

The vineyard is located in Gualtallary, a district of Tupungato, in the Uco Valley, located in the west of the province of Mendoza, and boasts the highest vineyards in Mendoza. From Gualtallary comes true excellence thanks to the composition of soils, the climate and altitude, which make this region exceptional. The Soil is composed of medium alluvial stone, covered with calcium carbonate patina and interspersed with sand and limestone. Cool days and cold night.

VINIFICATION

The grapes are hand-picked during the day time, at the end of March. A very careful, protective destemming and pressing process is carried out. 40% is fermented in second-use French oak barrels and the rest is fermented in well-protected stainless steel tanks to maintain aromatic freshness.

The two styles are then mixed and bottled.
